

# Suntory Australia

## Project Description

Suntory Australia is a distributor and marketer of premium global spirits and liqueurs, with its unrivalled portfolio of premium brands and award-winning training programs, Suntory Australia is one of the leading distributors in the Australian liquor industry.

FDC was appointed to deliver a comprehensive base building services installation and office fitout of 1,500sqm in Alexandria, Sydney.

The reception area features an impressive sculptured wall and a fully operational training bar with retractable ceiling mounted TV for active media display and broadcasting of live Club Suntory events. The bar can also be separated by an operable acoustic glass wall to contain events.

The fully functional boardroom with AV facilities and product presentation backlit display joinery opens onto the reception area via sliding doors allowing an extended reception area for functions and product launches. The breakout area provides a communal dining table with stools and two upholstered booths for dining, informal meeting areas and general usage.

The general office incorporates Head Office management and administration functions as well as NSW sales and marketing teams. This area comprises open plan workstations with management offices along the central corridor which conveniently divides the functional Suntory business groups and allows the natural light to flow through the space.
