Essastone-topped reception and natural oak TV units

2 large training rooms with operable wall between

## FDC (SA) have completed the fitout of The College of Law at Level 9, 19 Grenfell Street, Adelaide

The College of Law is the largest provider of practice-focussed legal education in Australia and New Zealand with over 60,000 graduates since its establishment in 1974.

The contemporary fitout features wooden accents, clean lines and glass partitioning to optimise natural lighting throughout. The project included the fitout of new workstations, communications room, combined kitchen and breakout areas and 2 large training rooms with an operable wall in between. Essastone tops the reception desk and TV units are customised with natural oak.

FDC completed this fitout in conjunction with IA Design and System Solutions Engineering.
