

# Colliers International, Adelaide

121 King William Street, Adelaide, SA

CLIENT	Colliers International
PROJECT SIZE	662sqm
PROJECT LENGTH	6 weeks
YEAR COMPLETED	2017

## PROJECT FEATURES

Timber joinery and ceiling paneling

Open plan linear workstations with planter boxes

A large glass and timber lined sky café and kitchen constructed with stone benches,

Boardroom with operable walls and motorized projector screen with integrated AV so that the room can double as an entertainment space

C-Bus controlled lighting and blinds

iPad booking system for each meeting room

FDC (SA) have completed the fitout of Colliers International's Adelaide office, Level 9, 121 King William Street.

The 662sqm project included the fitout of a new reception area, boardroom, meeting rooms, sky café and kitchen, comms room and open plan workstations all designed to capture the outstanding view of central Adelaide through floor to ceiling glazing.

FDC also undertook works for the landlord to provide provisions for a split tenancy capturing.

The six week project was delivered on time and within budget.
