They're committed to empowering Australians to be suicide-safe through connection, compassion and hope. Their vision is for an Australia free of suicide.

The Lifeline Australia "national" office houses around 40 staff in a 500sqm facility, including Lifeline's national server for their IT network.

As Lifeline Australia are a charity with a limited fitout budget, FDC have assisted Lifeline in building a cost effective fitout by providing recycled workstations and loose furniture from a project site in Sydney.

FDC delivered this project for Lifeline over 9 weeks.
