Highly specified high security comms room

8 tonnes of data cable

FDC (WA) has completed the fitout of Thales N2,
Railway Parade, Leederville.

Thales in Australia is part of a leading international electronics and systems group serving the defence, aerospace and space, security, and transport markets in Australia and throughout the world.

The 1,200sqm project included the fitout of an open plan office and breakout spaces. A major component of the project was a highly specified high security comms room, that contained 8 tonnes of data cable.

This is the third project that FDC are proud to have delivered for Thales.
