FDC (VIC) have completed the fitout for Visit Victoria's office located at 727 Collins Street, Docklands.

Visit Victoria is Victoria's tourism and events company, responsible for marketing to visitors from within the state, across Australia and around the world and attracting more sporting, cultural and business events to Victoria's world-class events calendar.

The 3,000sqm project covered levels 27 & 28 and involves a full and part floor fitout featuring a new reception area with feature screens, breakout areas, a new boardroom and teleconferencing areas, various meeting rooms and open workspace areas with new services and finishes as well as feature timber screens and high-end joinery.

FDC delivered this project in 8 weeks in conjunction with Bates Smart and Norman Disney & Young.
