Bench seat and tiling works

FDC (QLD) have completed the fitout of 201 Charlotte Street, Brisbane.

The 1,200sqm project included the refurbishment of the ground floor retail area and a services upgrade. Laneway structural steel portal frames were also installed along with decorative aluminium angles and lighting. A goods lift has also been refitted to PWD compliant design.

The fitout was delivered in 16 weeks in conjunction with Arkhefield, Go Projects, Fortius Funds Management and BSE.
