<b>PROJECT SIZE</b>	2,100sqm
<b>PROJECT LENGTH</b>	35 days
<b>YEAR COMPLETED</b>	2011

## PROJECT FEATURES

Sectional open plan office space

Modern, attractive breakout area with a detailed colourful and vibrant design theme

Large data and communications hub fully fitted out with the latest in gas suppression technology

DHL are a global market leader in the logistics industry and an established client of FDC.

FDC were given the opportunity to undertake a 2,100sqm fitout for DHL at their Queensland head office. This single floor, open plan office facility is located in the Roma Street Transit Centre, Brisbane.

The fitout consists of sectional open plan office space and a modern, attractive breakout area with a detailed colourful and vibrant design theme. It also includes a large data and communications hub fully fitted out with the latest in gas suppression technology.

Given a demanding building program, the FDC management team worked pragmatically with the professional team to deliver an eye-catching and high quality project.
