Feature wall to reception

FDC (SA) were engaged by Dr Jones & Partners to deliver their stunning new offices, 222 Greenhill Rd, Eastwood.

Dr Jones & Partners are a radiology practice offering a comprehensive range of diagnostic and interventional radiology services including X-Ray, CT, MRI, Ultrasound, mammography, MSK Interventional Procedures, Nuclear Medicine and PET.

Dr Jones & Partners are committed to being at the forefront of technology, innovation and sub-specialisation with leading radiologists in Musculoskeletal, Neurological, Oncologic, Interventional and Breast Imaging.

The scope of the project included a complete strip out of the existing tenancy and new fitout to the area.

The high end features of this project included the timber framed partitions to the offices, timber flooring throughout the breakout area, custom joinery throughout and feature wall in reception area.
