PROJECT SIZE	200sqm
PROJECT LENGTH	8 weeks
YEAR COMPLETED	2016

PROJECT FEATURES

Fitout over two levels

Facade upgrade and signage

High end joinery

Feature lighting

Hermès is a globally recognised luxury house, founded in France in 1837.

The latest addition to their Australian retail network is a new Hermès boutique at the corner of Edward and Elizabeth Streets in the Brisbane CBD. This store accommodates 200sqm over two floors. The project included facade upgrade and signage, enhancing high visibility for the building in its prominent corner position.

This complex and sophisticated interior fitout was to a superior specification. The ground floor retail area utilised materials and components sourced from leading international suppliers. The timber flooring was hand selected from local mills, with the Hermès stainless steel insignia (“ex libris”) inlaid into the Australian hardwood floor at the main entrance.

The first floor accommodates the boutique’s back of house functions.

The project was completed ahead of schedule and to the client’s complete satisfaction.
